

1 **AMENDMENTS TO THE SPECIFICATION**

2
3 1) Please replace the title of the application with the following replacement title:

4 **STEREOLITHOGRAPHIC METHOD AND APPARATUS FOR FORMING THREE-**
5 **DIMENSIONAL STRUCTURE**

6
7 2) Please replace paragraph [0005] in the specification with the following
8 replacement paragraph:

9 **--[0002]** Fig. 1 schematically depicts an embodiment of the
10 invention. In this arrangement, an ejector 100 is supported over a bath
11 or vat 102. The ejector 100 is operatively connected with a device 104
12 which scans the ejector back and forth along two mutually opposed
13 axes. This scanning device ~~402~~104 is operatively connected with a
14 computer or the like type of NC controller 106 which also controls the
15 ejection timing of the ejector 100.--
